

# SCHOOL PHYSICALS AT YOUR PMR CLINIC

Schools require their athletes to have physicals before participating on sports teams. With a new school year just around the corner, it's time to take care of annual physicals!

Make your family appointments at Your PMR Clinic so your children can start playing right away. No matter what their passion, we will make sure they are healthy and safe in the gym and on the field.

Contact the clinic to make an appointment or find out more about school physicals.
